Our Work

FREE MEAL PROGRAMMING

Our Free Meal Programming ensures that everyone in our community has access to nutritious food. Through our **Community Meals**, we provide free takeaway meals and in-person dining across the Twin Cities. Our **Street Outreach** Program delivers mobile sandwiches and groceries tailored to our guests' available resources, providing a vital and consistent source of nourishment to people experiencing homelessness. Our **Community Distribution** program aims to extend food access to individuals and families in need beyond the services offered at our Community Meal sites.

FOOD WASTE REDUCTION

Our **Food Rescue** operation tackles both hunger and environmental impact by saving millions of pounds of edible food from going to waste each year. Through partnerships with large chains, local stores, farms, and more, we capture surplus food and redirect it to support all our meal programs. Simultaneously, our **Cooking For All** curriculum educates staff, volunteers, and community members on low-waste cooking techniques, empowering them with essential culinary skills while promoting sustainable practices. Together, these initiatives reduce greenhouse gases and provide nutritious meals to those in need.

COMMUNITY PARTNERSHIPS

Our Community Partnerships strengthen the impact of our mission by collaborating with local nonprofits through **The HUB**, offering them access to rescued food at a minimal service fee to support their own meal services while staying focused on their core missions. Through our **Advocacy** efforts, we provide personalized referrals to relevant and local resources. Our **Institutional Partners** initiative builds relationships with facilities across Minnesota where our staff prepare macro-based nutritious meals for individuals living in institutional settings. Additionally, our **Commissary Kitchen** chefs transform rescued ingredients into meals that are distributed throughout our various programs.
